GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

SITUATION SUMMARY

Presidential Visit

- City of Palo Alto Police advised that the President of the United States will be in Palo Alto to speak at the Cybersecurity Summit at Stanford University. He arrived today, 02/13/15 at approximately 1000 hours, and left in the afternoon.

Round Fire, Inyo and Mono Counties

- Per the onsite Southern Region Field Representative, the Round Fire incident has transitioned from response to recovery.
- CalOES Individual Assistance liaison Theresa Gonzales, along with representatives from Department of Motor Vehicles, Department of Insurance, Board of Equalization, and California State Licensing Board are offering services at the Local Assistance Center, in the Crowley Community Center, Crowley Lake CA. County Social Services and Public Health Vital Records are on site.
- The center is scheduled to be operational 0700-1900 hours 02/12/15 through 02/15/15; dates will be extended if necessary.
- The American Red Cross and Salvation Army continue offer their support services.
- Southern Region Field Representative ESC Karla Benedicto demobilized 02/13/15.
- The Southern Region Duty Officer continues to monitor the situation and provide update if needed.

Weather of Concern

Southern California Santa Ana Wind Event

Santa Ana winds will continue through today, 02/13/15, with winds strong and gusty at times. Winds will become more widespread for San Diego County and the San Geronio Pass area. Winds will then significantly weaken and end by early Saturday.

Potential Impacts:

- Hazardous driving conditions, especially for high profile vehicles along Interstates 8, 10, 15, and Highway 210
- Broken tree limbs, downed trees and power lines, and some structural damage may occur.

Cal EOC Incident – 2014 Drought

- SOC / Inland REOC remains activated in support of 2014 Drought

WEATHER

WEATHER SYNOPSIS BY REGION:

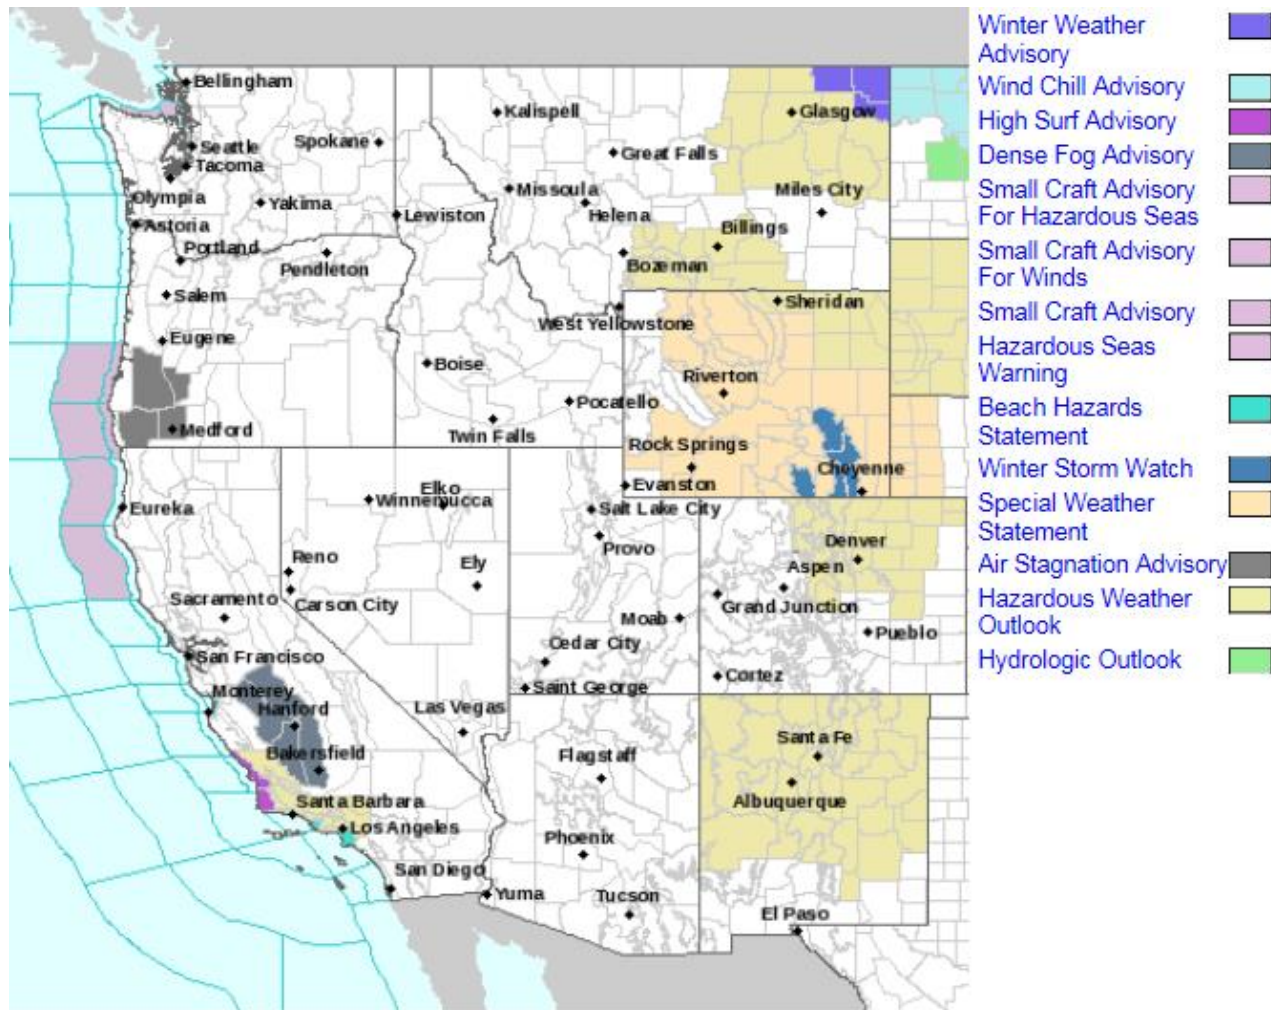

NORTHERN CALIFORNIA

A weak Pacific front will move into the Pacific Northwest and brush far northwest California later today. The only noticeable effect will be a bit more clouds and wind in far northern portions of the Northern California. Rain is not expected with this event. By mid-day Saturday the front will be east of the area. High pressure will build back over Northern California late Saturday through the middle of next week, bringing warmer, dry and mostly sunny weather. North-east/offshore surface winds will develop from the western Sierra slopes to the coast Saturday and continue into midday Tuesday, enhancing the warm and dry conditions there. The strongest wind gusts are expected to be in the 25-35 mph range in wind-prone areas during nights and mornings. The high is expected to weaken late next week, allowing an increase in clouds and humidity with temperatures cooling back toward normal beginning Friday.

SOUTHERN CALIFORNIA

The high pressure ridge which has brought near record heat to the region will shift a bit further westward in coming days. This will allow offshore pressure gradients to weaken and allow a slow cooling trend to occur over the weekend. Some offshore winds of 15-25 mph with gusts to 45 mph will still be possible this morning, primarily over San Diego County, but these winds will become light during the afternoon. Temperatures will be very warm once again today with highs in the 60s in the mountains to the upper 80s in the valleys. Skies will remain sunny today and each day through next week, except the San Joaquin Valley which will still see night through morning fog and afternoon haze. This weekend, expect temperatures to drop 3-5 degrees with the most pronounced cooling expected along the coast. Minimum relative humidity will continue to hover in the teens over most areas outside the San Joaquin Valley for 4 to 6 hours each day this weekend through early next week. Winds will be light through early next week for the most part, but some light offshore winds of 10-15 mph over Southern California may keep relative humidity recovery poor each night through Monday night. No rain is expected during the next 10 days as high pressure remains firmly anchored off the coast.

RECOVERY ACTIVITIES

Magnitude 6.0 Earthquake, American Canyon, Napa County

- Cal OES and FEMA announced that the Major Disaster declaration for the South Napa earthquake will also include the Individuals and Households Program under the Stafford Act. This amendment makes assistance available to help homeowners and renters recover from the earthquake.
- As a result of President Obama's major disaster declaration, the U.S. Small Business Administration declared Napa and Solano counties, making residents and business owners eligible to apply for low-interest physical loss disaster loans. This declaration also made available low-interest Economic Injury Disaster Loans (EIDL) for businesses to apply in the primary counties of Napa and Solano, as well as the contiguous counties of Contra Costa, Lake, Sacramento, Sonoma, and Yolo.

Recovery Activities

Public Assistance

- RPA: 63 RPAs were received by Cal OES of which 5 withdrew resulting in 58 applications submitted to FEMA. There have been 10 withdrawals and one ineligible determination since, for a total of 47 FEMA approved open applications.
- Kickoff Meeting: There is 1 applicant remaining to be scheduled once through FEMA's review queue.
- Currently, 107 PWs are entered into the federal database system, 85 of which have been obligated.
- Exit Briefing: 19 applicants have had Exit briefings conducted.

Individual Assistance

- The FEMA and State VAL continue to work with nonprofit organizations in Napa and Solano Counties regarding Long Term Recovery efforts. The United Methodist Committee on Relief (UMCOR) is providing funds to hire initial case management staff for the Napa Earthquake Recovery Group (aka, eNERGy) and the Vallejo Earthquake Recovery Group (VERG). Both Long Term Recovery Groups are seeking funds from partner agencies to assist with unmet needs.
- Assistance Centers – The Local Assistance Center (LAC) in Napa transitioned to an SBA DLOC on Tuesday 12/30/14. The smaller operation maintains a presence by SBA staff. Hours of operation are 8 a.m. to 4:30 p.m., Monday through Friday.
-

RECOVERY ACTIVITIES

2014 Statewide December Winter Storms

On 12/22/14, Governor Brown proclaimed a State of Emergency in Marin, Mendocino, San Mateo, and Ventura Counties to allow Caltrans to formally request immediate assistance through FHWA's ER Program in order to obtain federal assistance for highway repairs or reconstruction for damages sustained as a result of the statewide storms impacting California. After assessing the damages, Caltrans is requesting the Governor update his proclamation to include Alameda, Contra Costa, Del Norte, Humboldt, Lake, Los Angeles, Monterey, Orange, San Francisco, Santa Clara, Shasta, Sonoma, Tehama, and Yolo Counties. Cal OES' Recovery Section conducted an assessment to verify the Counties of Lake, Marin, San Mateo, Sonoma, and Tehama's Public Assistance estimates for debris removal, emergency work, and permanent restoration of public facilities in order to determine potential eligibility for State funding.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

- The SOC, Inland, Coastal, and Southern REOCs and the Santa Barbara County EOC are activated in support of the Drought State of Emergency and continue to monitor the situation.
- The Governor issued an Executive Order on 09/19/14, to streamline relief efforts for families with drinking water shortages due to drought. Specifically, through the California Disaster Assistance Act, to provide temporary water supplies to households without water for drinking and/or sanitation purposes.
- CDAA 2014 Drought Fact Sheet and Frequently Asked Questions provided to Regions for reference and distribution.
- Cal OES Recovery continues to coordinate a biweekly state interagency conference call regarding drought community impacts.
- Regional (Inland, Coastal, Southern) conference calls will occur once a month beginning February 9, 2015.
- On 02/04/15, the U.S. Department of Agriculture (USDA) approved a Fast Track Drought Disaster Designation naming 55 of the 58 California Counties as primary counties and the remaining three (Del Norte, Imperial, San Francisco) as contiguous counties. This designation makes farm operators in all 58 California counties eligible to apply for USDA Farm Service Agency (FSA) emergency loan assistance. As a result of this designation, the U.S. Small Business Administration (SBA) declared and approved Economic Injury Disaster Loans (EIDL) for small, nonfarm businesses in the 58 counties. These loans offset economic losses because of reduced revenues caused by the drought. The application deadline for both the USDA and SBA loan programs is 10/05/15.
- On 02/04/15, USDA approved a Fast Track Drought Disaster Designation for certain counties in the State of Nevada also naming the California counties of Alpine, El Dorado, Inyo, Lassen, Modoc, Mono, Nevada, Placer, San Bernardino, and Sierra as contiguous counties. This designation makes farm operators in these 10 California counties eligible to apply for USDA FSA emergency loan assistance. As a result of this designation, the SBA declared and approved EIDLs for small, nonfarm businesses in the 10 California contiguous counties. These loans offset economic losses because of reduced revenues caused by the drought. The application deadline for both the USDA and SBA loan programs are 10/05/15.

CAL OES MISSIONS

New Cal OES Missions

2015-LAW-8634 2/13/15, 1703 hours, AFRCC advised of ALNOT for missing aircraft with a destination of Sonoma County. Ramp Checks initiated. At 1744 hours AFRCC advised that the aircraft had been located at destination airport non-distress. **Mission Closed.**

2015-LAW-8632 2/13/15, 1703 hours, AFRCC advised of ALNOT for missing aircraft with a destination of Sonoma County. Ramp Checks initiated. At 1738 hours AFRCC advised that the aircraft had been located at destination airport non-distress. **Mission Closed.**

2015-LAW-8630 2/13/15, 1656 hours, AFRCC advised of ALNOT for missing aircraft with a destination of Marin County. Ramp Checks initiated. At 1808 hours AFRCC advised that the aircraft had been located at destination airport non-distress. **Mission Closed.**

Closed Cal OES Missions

2015-LAW-8618 2/12/15, 1412 hrs., The Sacramento County Sheriff's Department requested SAR resources to assist locating a missing 10 year old female. The MP, who is bi-polar, was last seen approx. 1330 hrs. today (2/12) playing in the backyard of the family residence in Citrus Heights. A family member discovered her missing, and called Law Enforcement after an unsuccessful search of the immediate area. The Cal OES Law Branch coordinated the immediate response of 2 trailing K-9's, diverting resources from the Solano search (#8606) to the Sacramento Command Post. **UPDATE: 1510 hrs. (2/12/15)** Sacramento SD advised the missing girl was located alive and well. She had wandered into the neighbors house via an unlocked door, became scared and hid before searchers located her. All out of county resources were cancelled while in route. **Mission Closed.**

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
